OMRAN ALKSOUR
SOFTWARE ENGINEER | FULLSTACK .NET DEVELOPER

OmranAlksour@gmail.com | +962789079890 | LinkedIn/Omran-Alksour | Github/Omran-Alksour | Amman, Jordan

Proficient Full Stack Software Engineer (.NET & ReactJS) with over a year of experience delivering high-quality, **scalable web applications.** Skilled in backend and frontend technologies, with a **proven track record of solving complex challenges** and contributing to large-scale projects. Known for professionalism, reliability, and a commitment to **continuous improvement.** Graduated **top of my batch** with honours from Zarqa University, with an **insatiable curiosity** and **a passion for learning**, exploring and adapting to new technologies and delving into existing ones, and excelling in dynamic, collaborative environments. Consistently **exceeds project goals** as a **results-oriented team player.**

WORK EXPERIENCE

Manara, Software Engineer – Professional Development Program, *Remote*   Oct 2024 – *Present*

- **Developing** advanced problem-solving skills, mastering algorithms, and enhancing expertise in software design to build efficient and scalable solutions.
- **Improving** professional communication and English fluency while strengthening soft skills such as teamwork, leadership, and adaptability to excel in international environments and meet the demands of leading tech companies.

KenSoftware, Full Stack Engineer, *Amman, Jordan*   Aug 2023 – Oct 2024

- **Developed** and deployed scalable web applications using **.NET Core,** *CEO Reference letter link* **.Net Framework** and **ReactJS**, following **Clean Architecture** and Domain-Driven Design (**DDD**) principles. Applied advanced patterns to enhance scalability, maintainability, streamline workflows, improve error handling, and ensure seamless dependency management.
- **Participated** in coding, debugging, testing, and maintaining software, including architecting high-performance backend services with ASP.NET Core & Web API, ensuring adherence to best engineering practices and enhancing system maintainability and scalability.
- **Collaborated** with cross-functional teams to deliver seamless, user-friendly solutions across web and mobile platforms, ensuring alignment with project goals and timelines.
- **Contributed** to code quality initiatives through peer reviews, active participation in planning and estimation sessions, and aligning deliverables with company objectives and timelines.
- **Demonstrated strong problem-solving** and innovative thinking, **quickly learning** and adapting to evolving business requirements while delivering high-quality solutions.

EXPERIENCE SKILLS & TECHNOLOGIES

- Clean Architecture
- Domain-Driven Design (DDD)
- Data Structures & Algorithms
- Design Patterns & Principles
- ASP.NET Core & Framework
- ASP.NET Web API (RESTfulAPIs)
- Microsoft SQL Server
- ReactJS & Angular
- JavaScript & TypeScript
- HTML5, CSS3 & SCSS
- Bootstrap ,TailwindCSS
- OOP/OOD & UML
- Entity Framework Core
- C#, LINQ & Dapper
- Unit Testing
- Problem Solving
- Competitive Programming
- Agile (Scrum, Kanban)
- JIRA, Postman & Figma
- Code Quality Reviews
- gRPC, SignalR
- Firebase & Hasura
- Git & GitHub
- Curiosity to learn
- Teamwork
- Communication
- Leadership
- Critical thinking
- Self-management
- Emotional intelligence
- Creativity & Adaptability

KEY PROJECTS

- **Dallas Travel And Tourism - BackEnd :** Designed and implemented the backend using ASP.NET 8, DDD, and EF Core, Dapper,Design Patterns, DB, integrating third-party services and improving efficiency.
- **TGF Trucks (tgftrucks.com) - Full Stack :** Developed logistics modules, optimizing fleet tracking and order processing with ASP.NET Core, NextJs and TallwandCSS
- **CyouStore (cyoustore.com) - Full Stack :** Developed and integrated the NextJs with ASP.NET Core, with a responsive UI using TallwandCSS
- **BPWA Amman (bpwa-amman.org) - Full Stack:** Built membership management system using ASP.NET Core MVC, with a responsive UI using Bootstrap and Sass.

EDUCATION

Zarqa University, Bachelor of Software Engineering (**Honors ,1st Place**)   Zarqa, Jordan | **Oct 2020 - Sep 2023**
I graduated **1st ranked in the batch** with a **CGPA of 92%.**   *Academic Reference letter link*

TRAINING & AWARDS

- **JCPC (Jordanian Collegiate Programming Contest):** Competitive Programming (ACM ICPC qualifier).
- **Competitive Programming Bootcamp**: Delved deep into algorithms, problem-solving, and analysis.
- **Jordan Start Bootcamp:** Specialized in Lean Development, innovation, creativity, and problem-solving
- **DOT Jordan**: VR & Web Development Trainings.

INTERESTS

Solution Architecture, Cloud Computing, and Microservices

LANGUAGES

English Work Proficiency
Arabic Native
